## **BEACHSIDE SOCIAL KICK OFF PARTY**

We had a great time as we came together at Beachside social, down at the oceanfront. Drinks, appetizers, games, and good conversations were on the agenda for the evening, and no one left disappointed. We had a few door prizes and some new members and prospective members came out. Looking forward to another event at this facility. If you want to give them a try go to <https://beachsidesocialvb.com/>

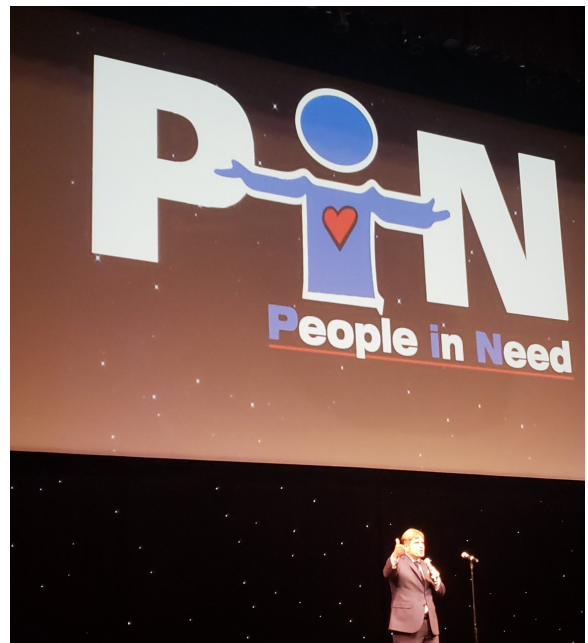

The IFMA Board was invited to attend the annual Comedy Night fundraiser for People In Need ministry at the lovely Sandler Center for the Performing Arts. Michael Jr. was an excellent story teller and comedian. Everyone enjoyed the evening and we are grateful for organizations like PIN in our community.

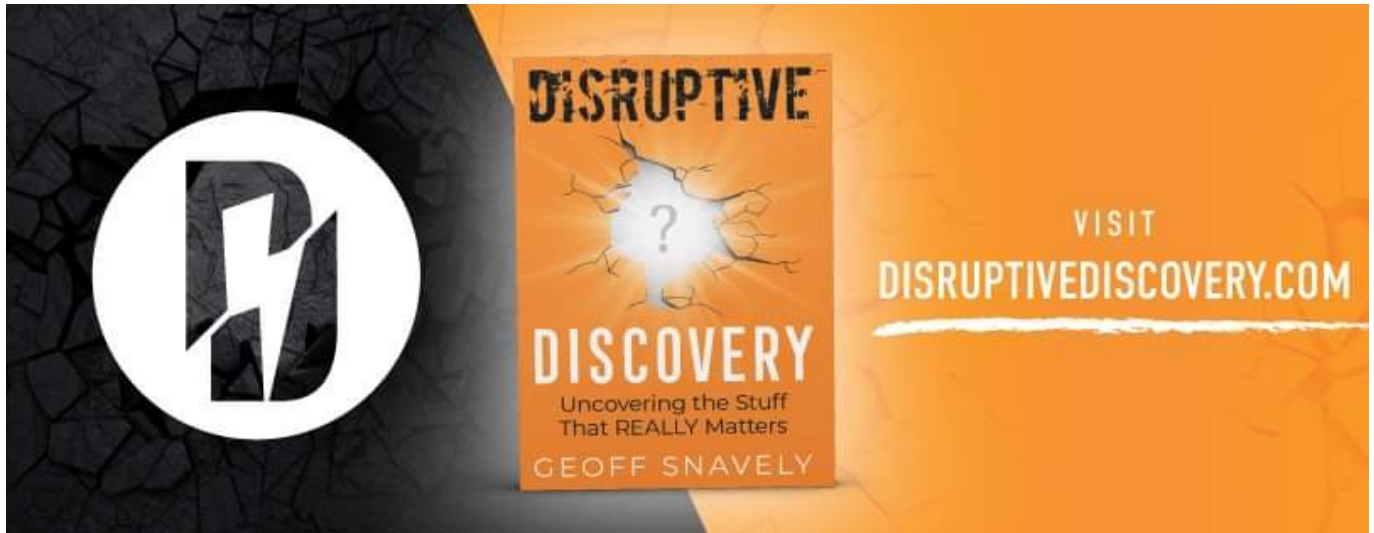

## INTERESTED IN KNOWING HOW TO HELP

If you would like to help out PIN, in their mission of supporting the homeless and the extremely poor in our community, then please visit <https://www.pinministry.org/>

# President's Desk

What a fast moving quarter it has been, filled with hurdling new challenges, and discovering new endeavors to embark upon. It has been busy and we have been actively searching for new opportunities for the group and have encountered some challenges still obtaining tours within our territory. We will continue to work hard and focus on getting people together, educating our peers, and providing opportunities for growth. As we head into the next few months of opportunities, I wanted to share some information about IFMA WWP and IFMA Foundation, and hope that you will take some time to review both for the year upcoming.

IFMA WWP 2021 was a success! It was by far so incredible to see so many people together networking, learning, and supporting each other. It was easy to stand and watch the crowd engaging in conversation and building camaraderie with such an amazing group. The local chapters did a phenomenal job of joining together to support new attendees and scholarship awardees the entire week. There is a true bonding that happens at this event and it is ever more clear that the focus is ever more on the opportunity to adapt and define the continuing movement of the workplace.

Our chapter, along with many others, participated with the IFMA Foundation this year and awarded a college student in Facilities a scholarship to attend. I cannot be more proud of the young lady whom received our award and she definitely deserved to be there. The widespread knowledge of this remarkable group of young professionals was nothing short of amazing. For those who are not aware of what the Foundation is, I wanted to share just a little information for you. The Foundation works in supporting the Facility Management higher education focus and drives to helping make Facilities Management a career of choice. Each year they call for sponsors to enable the youth of our industry the opportunity to come to IFMA World Workplace and meet the seniors in the industry, and drive the career path. If you have time, please take a look at their website for more information and let me know if I can help in any way answer any questions you may have.

I am looking forward to the next few months of seeing you all,

Shannan Kujawski

# HISTORIC STRUCTURE TOUR

*We had an October meeting which was a tour of the 1846 Courthouse and Art Annex located at 400 High Street in Portsmouth. Gayle Paul, Curator at the Portsmouth Art & Cultural Center lead a discussion of the challenges associated with maintaining and managing historic structures and the ways they have overcome those challenges to remain accessible to the public.*
